

As this resource refers to water play activities, you must ensure that an adequate risk assessment is carried out prior to using this resource. Water activities can engage learners in their play and learning, but supervising adults should check and assess any potential risks before the activity and only proceed if it is safe to do so. Twinkl is not responsible for the health and safety of your group or environment. It is your responsibility to ensure the resource and the information/activity it contains are safe and appropriate to use in your situation. Please be aware that all learners will need to be supervised at all times to ensure their safety as even the shallowest amount of water can be extremely dangerous.
