

Handwashing Sequencing Cards

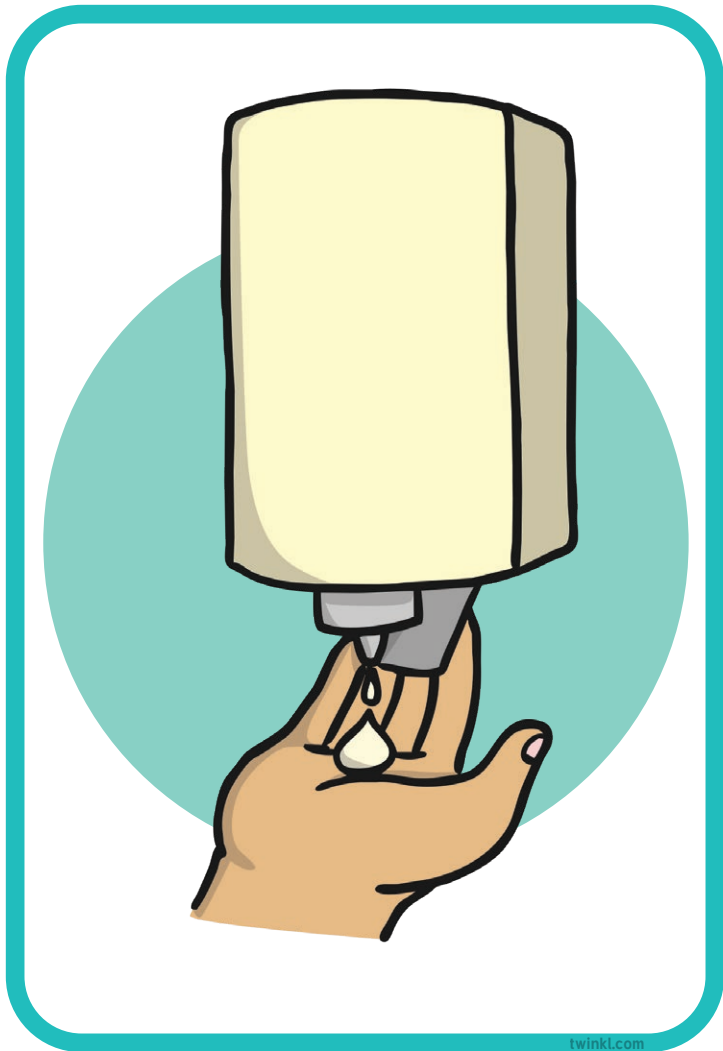

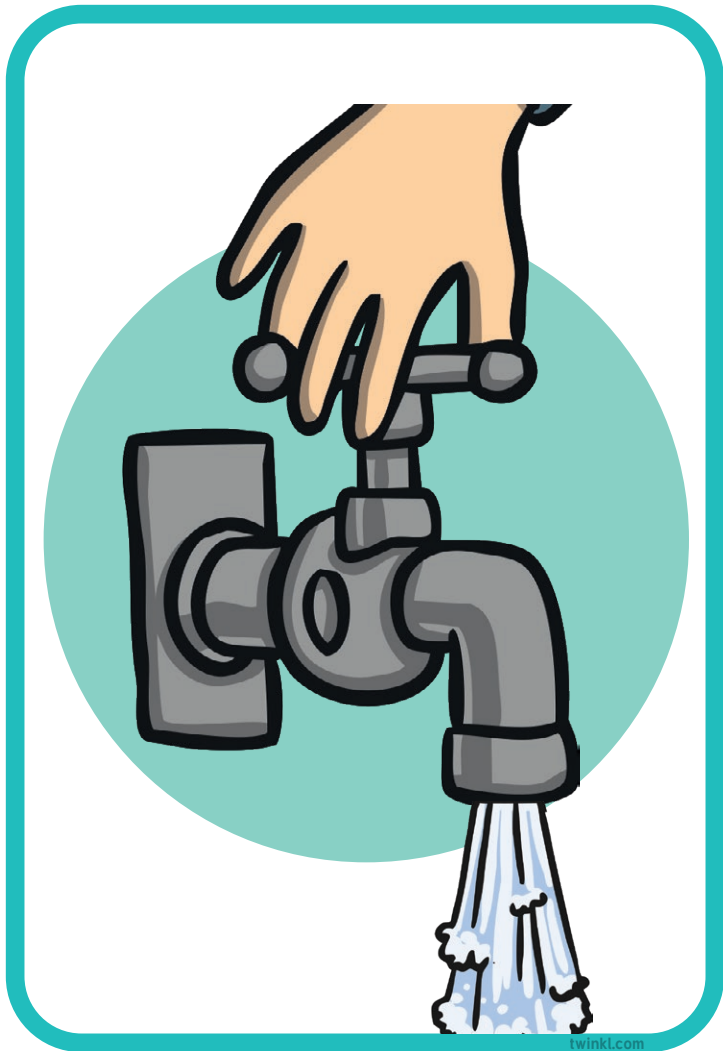

Tips for Using the Sequencing Cards

Learners can...

- sequence the task using pictures;
- sequence the task using words.

Adults can...

- assess sequencing skills of a familiar task without environmental prompts (the level of challenge can be altered by giving more/fewer cards or starting at different stages of the sequence);
- support the learning, recall and generalisation of handwashing skills;
- attach the cards to a display or lanyard to use as a non-verbal prompt during handwashing.
