

Rainbow Colour Matching Collage

You will need:

- Cloud template
- Cotton wool balls
- Lengths of ribbon in rainbow colours: red, orange, yellow, green, blue and purple
- Small objects in the colours of the rainbow: red, orange, yellow, green, blue and purple
- White glue

1) First, cut out the cloud template with your scissors.

2) Next, spread glue onto the base of the cloud template. Place each colour of ribbon on the glue so that the ribbon hangs underneath the cloud.

3) Spread a small amount of glue onto a length of ribbon and place an object onto the glue. Remember to match the colour of the object to the colour of the ribbon.

4) Add more glue to patches along the ribbon and place more of the colour matching objects onto the glue.

5) Repeat this step with each colour of ribbon.
Allow the glue to dry.

6) Spread white glue over the whole cloud template.
Arrange the cotton wool balls over the paper to make a fluffy white cloud.
Allow the glue to dry.

7) Optional: You could use a hole punch to create a hole at the top of the cloud. Thread a small length of ribbon through the hole and tie the ends of the ribbon to make a loop.
You can use this to hang up your rainbow collage to watch your ribbons flutter in the breeze.
